PURCHASE OF LARGE INCANDESCENT MAZDA LAMPS

Agreement, made this Fourth day of April 1930, between

WESTINGHOUSE LAMP COMPANY, a Pennsylvania Corporation (hereinafter called Manufacturer), and

The American Numismatic Society

of Broadway between 155th and 156th Streets
(City, State and Street Address)

(hereinafter called Purchaser).

1. **The Purchaser, desiring to purchase incandescent lamps,** agrees to take within one (1) year from date hereof and to pay for in accordance with the terms of payment hereinafter specified, a quantity of large incandescent WESTINGHOUSE MAZDA lamps (all of which are manufactured under Letters Patent of the United States) of the sizes, types and classes listed in schedules attached hereto and forming part hereof, which shall not exceed the Purchaser's own requirements of such lamps for installation, within Domestic Territory (as defined in the attached Schedule of Freight Allowances), during the period of this contract, in lighting apparatus or devices either owned, controlled or used, by the Purchaser. No lamps other than MAZDA lamps of the WESTINGHOUSE brand shall be considered in arriving at the price which the Purchaser agrees to pay for lamps purchased under this contract, nor shall the requirements of any other party be joined with those of the Purchaser for the purpose of determining the discount to which the Purchaser is entitled.

2. **The Purchaser estimates that its purchases** under this contract will amount to not less than $150.00 dollars net value in accordance with the Manufacturer's current price schedules, and the Manufacturer accepts the above estimate as a basis for billing only and agrees to invoice the lamps covered by said schedules at the following discounts from the list prices given in the schedules:

DISCOUNTS USED AS A BASIS FOR BILLING

Standard Package Quantity 18 % **Broken Package Quantity** 8 %

The Manufacturer expressly reserves the right to change said schedules, including the list prices, extra charges and rates and bases of discount, and to modify or eliminate sizes, types and classes, as it shall see fit and the schedules in their amended form shall be part of this contract. It is agreed, however, that whatever change or changes shall be made by the Manufacturer in the schedules, the net price to the Purchaser for the total quantity of lamps listed in the Manufacturer's "Standard Price Schedules of Large MAZDA Lamps" which are purchased hereunder shall not exceed the net price therefor under the present schedules and that the net price to the Purchaser for the total quantity of all other lamps hereunder (including lamps listed in the Manufacturer's "Intermediate Price Schedules of Large MAZDA Lamps") shall not exceed the net price therefor under the present schedules by more than fifteen per cent. (15%); and it is further agreed that the net invoice price to the Purchaser for each such lamps shall be, throughout the period covered by this contract, as low as the price therefor allowed by the Manufacturer during the same period to any other Purchaser hereafter entering into a like form of contract with the Manufacturer and purchasing under said contract WESTINGHOUSE MAZDA lamps of the same types and classes in the same amount and under the same conditions. Changes in the schedules may be made by the Manufacturer without notice to the Purchaser, other than the Manufacturer's regular printed notice to the trade announcing such change, and shall become effective on the date specified in such printed notice.

3. **The Purchaser agrees that it will pay** each invoice for lamps not later than thirty (30) days from the date of the invoice, and the Manufacturer agrees that if payment of any invoice is made within ten (10) days from the date of same, two per cent. (2%) may be deducted from the net amount thereof.

4. **The Manufacturer agrees that should the lamps ordered and paid for by the Purchaser** under this contract reach an amount entitling the Purchaser, in accordance with said schedules, to a discount greater than that used for billing, the Manufacturer will credit the Purchaser's account with an amount equal to the difference between the price at which the lamps have been invoiced and the price to which the Purchaser is so entitled.
